You should therefore carefully consider whether such trading is suitable for you in light of your financial condition. When trading on margin, you may sustain a total loss of the initial margin funds and any additional funds that you deposit with your broker to establish or maintain a position. Before deciding to trade and/or invest, you should carefully consider your objectives, level of experience, and risk appetite. The possibility exists that you could sustain a loss of some or all of your initial investment and therefore you should not trade or invest money that you cannot afford to lose.
